**Committee Reports:**

**Lands:** Bob mentioned he would like the Committee to research potential lands for protection. He asked members to each find two parcels of land that may be worth protecting. The Board discussed the criteria for land protection.

**Communications:** The Commission discussed creating a Facebook page to enhance the awareness of the Conservation Commission.

**Water Resources:** The members reviewed the surveys that were sent back from the residents near the old "Page Hill Dump" site. It was noted the Commission will pay for four water tests. Members will determine which four wells will get tested based on their criteria. (Topography, groundwater towards the pond and elevation).

**New Business:** Bob questioned if any members had a chance to do any land monitoring of the Conservation properties recently. Jack noted he will be walking the Whitemore Hill and the Currier property within a month or so. Bob reported the Binney Hill property is now gated.
