Upon investigating it was determined that the window had never been secured to the window frame and the frame was completely void of any screw holes of other evidence to suggest the window had been properly secured. This coupled with the fact that the day before (March 2, 2021) it was very windy outside with sustained winds of 15-20mph and gusts exceeding 50+mph. Based on these facts it appears that the window had been blow out of the frame by; not forced by a perpetrator. Incident #: 2103030715 Dispatcher: 7094
