

New Ipswich Site Plan Review Regulations – Proposed Flood Related Amendment

Amend the New Ipswich Site Plan Regulations, Section IV Submission Requirements, replacing the language in sub section B:19 by replacing the current language referencing flood plain requirements in the Subdivision Regulations (~~striketrough~~) with the specific wording **text underlined in bold** as show below.

B. Proposed Development

19. Special Flood Hazard Areas

~~Section XII., Land Designated as Special Flood Hazard Areas, of the Subdivision Regulations, shall apply to site plan review applications.~~

For subdivisions and site plans that involve land designated as "Special Flood Hazard Areas" (SFHA) by the National Flood Insurance Program (NFIP):

- a. **The Planning Board shall review the proposed development to assure that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334.**
- b. **The Planning Board shall require that all proposals for development greater than 50 lots or 5 acres, whichever is the lesser, include Base Flood Elevation (BFE) data within such proposals (i.e. floodplain boundary and 100-year flood elevation).**
- c. **The Planning Board shall require the applicant to submit sufficient evidence (construction drawings, grading and land treatment plans) so as to allow a determination that:**
 - (i) **all such proposals are consistent with the need to minimize flood damage;**
 - (ii) **all public utilities and facilities, such as sewer, gas, electrical, and water systems are located and constructed to minimize or eliminate flood damage; and**
 - (iii) **adequate drainage is provided so as to reduce exposure to flood hazards.**
